## Does Healthy Way LA Cover Dental or Vision?

Healthy Way LA (HWLA) provides limited coverage for vision services and does NOT cover dental services of any type.

- Members may receive eye exams by referral to Los Angeles County Department of Health Services (DHS) sites or DHS Community Partners depending on availability.
- Eye glasses to correct common problems such as near-sightedness or far-sightedness are also NOT covered by HWLA.

Vision problems of a more serious, medically necessary nature that require the services of an ophthalmologist are considered specialty services. To receive these types of services under HWLA, clients must see their Medical Home doctor for a referral, which must be approved by HWLA Administration.

Contact HWLA Member Services at 877-333-4952 for answers to questions about HWLA covered services.
